COVID-19 Symptom Checker

Hello. I will help you understand if you need to be checked for COVID-19 also known as novel Coronavirus. COVID-19 is a respiratory disease caused by a new virus. Most people with COVID-19 will have mild symptoms but some people may need to be hospitalized.

All responses are anonymous and confidential.

This self-assessment tool does not provide professional medical services such as advice, diagnosis, or treatment.

If you are experiencing an emergency, please call 911.

Please type "Hello" to begin the symptom checker.
